

LESSONS BEYOND SCHOOL

Keeping the good habits and enthusiasm going beyond the school lessons is strongly encouraged. We highly recommend you keep your child in a once a week lesson beyond what is offered through school in order to keep the skills they have learned fresh and developed throughout the remainder of the summer. We have included names and contact information for teachers we would recommend, but know you are welcomed to seek lessons from any qualified individual either within the community, West Music or other qualified lesson provider not listed below. You can expect to pay \$5-10 for a ½ hour lesson with a high school student, and \$15-30 for a ½ hour with a professional teacher.
